

Docket No. F-7943

Ser. No. 10/658,835

REMARKS

The Examiner has asserted that the Amendment of March 21, 2005 is not fully responsive to the Office Action of December 22, 2004 because the specification should be amended to clarify, with reference to terms in the claims, which structure corresponds to "means for varying the slot width".

Applicant respectfully requests the Examiner to review the stated Amendment in which Applicant has amended the second full paragraph on page 8 to recite:

"The screws 15 and 16 defining means for varying the slot width in the region of the slot 12."

Furthermore, Applicant has amended the same location in the specification to further clarify the "means".

If there is any fee(s) due, the USPTO is hereby authorized to charge any fee(s) or fee(s) deficiency or credit any excess payment to Deposit Account No. 10-1250.
